

# Cut #10 Grade 60 Rebar Effortlessly with only 115 Volts.

## The DC-32WH #10 Grade 60 Rebar Cutter

**Top-quality manufacturing, long-life alloy tool-steel cutting blocks, safety pressure relief valve, precision-balanced armature, double-insulated electric motor and locking trigger switch.**

This portable heavy-duty rebar cutter will safely, efficiently, and cleanly cut rebar up to #10 (1¼") diameter grade 60 rebar. This self-contained electric/hydraulic unit will also cut other items like chain, bolts and rod but is specifically designed for rebar. The DC-32WH cutter is ideal for bridge and highway work, and in small rebar fabrication shops. This unit is available in combination with a DBD-32X bender on a stand, in a WorkStation table and on a trailer with a DBD-32X bender. There are no sparks or flame so it also works great on epoxy-coated rebar. It's the fastest, safest, and most economical way to cut rebar on the job. Our quality and selection is unmatched. The DC-32WH cutter ships complete in a wooden carrying case with hydraulic oil and a tool kit. Backed by our no-nonsense one (1) year warranty.
